I SHALL NOTIFY CITY OF LOWDEN PUBLIC WORKS AND IOWA ONE CALL PRIOR TO STARTING PROJECT: \_\_\_\_\_  
INITIAL

### THE FOLLOWING SIDEWALK SPECIFICATIONS ARE REQUIRED:

- Sidewalks shall have a minimum width of 4 ft. and a minimum thickness of 4 inches, with the exception that all sidewalks shall be a minimum of 6 inches thick for the width plus 2 feet each side of all existing or proposed driveways.
- Sidewalk cut every 4 feet.
- Old sidewalk shall be taken out or broken into 6" pieces or smaller.
- Reinforcing wire or fiberglass shall be used on all sidewalks.
- 3000 lb. mix.

**All work to be completed under the direction and approval of the City of Lowden Public Works. All work shall be completed within 90 calendar days from the date of commencement stated in the in the application. Inactive projects that are initiated outside of the 90-day window will require a new permit application. It is a violation of city code to commence work without first securing a permit, discussing ADA compliance rules and obtaining appropriate approval by Lowden City Council. Work may not commence until such approval is obtained. Initial Here: \_\_\_\_\_**
